NATIONAL TAX MUSEUM TAX MUSEUM

Look and Understand Korean Tax History

Where we teach the importance of taxes and raise the awareness of tax administration

Young students, the future taxpayers of Korea, can learn everything about tax from its history to the development of tax administration at the only tax museum in Korea.

Further to this, as the first national museum in Sejong city, tax museum aims to go beyond a typical museum and be a multi-culture center of the area. Thereby the museum will work hard to provide a joyful and meaningful experience to its visitors.

The Past and Present of Taxes

This section is designed to help visitors easily understand Korean tax history. From the oldest tax record of Korea to the system designed to make a fair taxation, visitors can learn Korea's tax system in its ancient countries.

Visitors can also learn interesting tax histories of the world, types of tax items and the reason we need tax.

for the 50th Anniversary of Foundation of NTS

NTS, Its 50 Years of Memory

Since 1966, the National Tax Service has always walked with the development of the country as it supports Korea's economic expansion after the Korean War. Today, as we celebrate our 50th anniversary of foundation and as we start another half a century, we'd like to shed new light on the memories of past 50 years of NTS. In this Special Exhibition, visitors will see various NTS documents and explore how the country has changed from 1960s to the date.
